

# DIGITUS Acoplador DIGITUS SC / SC, Multimodo

DN-96005-1  
EAN 4016032335689

**FO coupler, duplex, SC to SC, MM OM3, color aqua ceramic sleeve, polymer housing, incl. screws**

O acoplador oferece um desempenho óptimo e uma qualidade de ligação na zona de fibra óptica.

**A melhor solução para Caixas Repartidoras**

- SC / SC
- Duplex
- Manipulo em zircónio cerâmico
- Caixa de protecção em polímero
- inc. material de fixação
- Cor água

### Safety notes

- Avoid direct contact with light sources: Fiber optic cables, especially those with active light sources such as lasers (e.g. in optical communication systems), can emit dangerous radiation that can damage
- eyes. Take care never to look directly into the light of an optical fiber, even if the light source is invisible to the naked eye.
- When working with fiber optic cables, especially during tests or when working with lasers, protective goggles should always be worn to protect against harmful radiation.
- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Do not kink or crush: Fiber optic cables are sensitive to mechanical stress.
- To protect cables from physical damage, they should be laid in special ducts or with protective materials
- Keep cable connectors clean: Fiber optic cables are sensitive to dust and dirt. Even small particles on the connectors can severely impair the signal quality.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately.

### EU responsible person

EU based economic operator ensuring the product complies with the required regulations.
