

DIGITUS Modular Cat.5 KVM switch, 8-port

DS-72216
 EAN 4016032447634

CAR 5 KVM module, 8 port for modularized KVM console

{DE guestpm}: Der module DIGITUS® Cat.5 KVM Switch bietet eine Vielzahl von individuellen Konfigurationsmöglichkeiten, sodass eine Anpassung auf den Einsatzbereich der Konsole abgestimmt werden kann. Dadurch wird die Konsole kostensparend und ist jederzeit mit weiteren Modulen auf- bzw. umrüstbar. Durch die flexible Konfiguration ist somit eine hohe Zukunftssicherheit der Konsole garantiert. Der modulare Cat.5 KVM Switch bietet den Anschluss von bis zu 8 Servern über USB oder PS/2 sowie VGA per Cat.5 Adapter mit einer Reichweite von bis zu 60 m. Für den Betrieb wird die DIGITUS® 17" oder 19" modulare Konsole, Tastatur und der entsprechende Cat.5 Adapter benötigt. Die hochwertigen Cat.5 KVM-Switch-Module mit IP-Funktion (optional) sind ideal für den Einsatz in kleinen bis mittelgroßen Server-Räumen, in denen ein Zugriff des Administrators jederzeit von jedem Ort gewährleistet werden muss. Sie bieten direkte Verbindung von einer lokalen Konsole oder mit dem optionalen IP Modul über eine bestehende Internet-Verbindung mit einem Browser. Das Zubehör wird in den verschiedensten Varianten angeboten.

Highest degree of flexibility during the administration of the server farm

- Controlling several PCs via the 17" or 19" DIGITUS® modular console

- The use of Cat.5 UTP cables allows a distance of 60 meters between the individual servers and the KVM switch
- Remote access via IP with the optional DS-51000-1 IP module
- Full control under all OS, in BIOS level, during boot, or at Blue Screens
- No software required
- Remote power wakeup on the target computer
- Extension via cascading possible
- Resolution independent of the installed console
- Hot plug support
- Keyboard and mouse emulation ensuring an error-free boot-up procedure of the computer
- Autoscan (5 to 90 sec., selectable)
- Compliant to USB 2.0 specification

Attributes

- Cascading possible: no

Package contents

- Modular CAT 5 KVM switch, 8-port
- Quick start guide
- Mounting material
- 8 x CAT 5 dongle

Safety notes

- This product is intended for indoor use only.
- Read all instructions.
- Follow all warnings and instructions on the device.
- Do not place this appliance on an unstable surface (such as a trolley, stand, table, etc.).
- If this appliance falls, it can cause serious damage.
- Do not use this appliance near water.
- Do not place this appliance near or above a radiator.
- The housing is equipped with openings for heat dissipation and ventilation. To prevent overheating during operation, the ventilation openings must not be blocked or covered.
- Do not place the appliance on a soft surface (e.g. bed, sofa, blanket, etc.). This will block the ventilation.
- The appliance must not be installed in a closed environment if adequate ventilation is not guaranteed.
- Do not spray any liquids onto the appliance.
- Disconnect the mains plug before cleaning. Do not use any liquid or foam cleaners.
- Clean the appliance with a damp cloth.
- Connect the device according to the power supply on the rating plate.
- This device is designed for the IT distribution system with 100 V - 230 V voltage.
- To prevent damage to the appliance, it is important that all appliances are properly earthed.
- Do not place any objects on the power cable and lay it in such a way as to avoid tripping hazards.
- If an extension cable is used for the appliance, make sure that the total capacity of all products using the cable does not exceed the current load.
- Ensure that the total current of all products connected to the socket does not exceed 15 A.
- Use a surge protector, a regulator or an uninterruptible power supply (UPS) to protect your system from sudden, temporary and reduced power.
- Secure the system cable and mains cable properly and ensure that no objects are pressing on the cable.
- Do not insert any objects into the appliance through the openings in the housing. There is a risk of a short circuit, which can lead to fire or electric shock.
- Do not attempt to repair the appliance yourself. Always contact an authorized customer service centre.
- If any of the following conditions occur, unplug the appliance and send it to an authorized service centre for repair
 - The mains cable or plug is damaged or worn;
 - Liquid has penetrated the appliance;
 - The device has been exposed to rain or water;
 - The device has been dropped or the housing has been damaged;
 - The function of the device has obviously changed;
- The appliance cannot be operated as described in the operating instructions.
