**Safety notes**

- Use charging adapters or power supply units in accordance with the instructions in the operating instructions to ensure optimum performance.
- Connect the charging adapter to an easily accessible socket in the voltage range between 100-240 V AC.
- Disconnect the charging adapter from the socket after use.
- Do not use the charging adapter with electronic devices that are outside the specifications of the charging adapter.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.

**EU responsible person**

EU based economic operator ensuring the product complies with the required regulations.
