Bluetooth Conference Speaker 40 mm x4, 10W / DC 5V 1A, 3.5 mm AUX

The DIGITUS® Conference Room Speaker System is designed for stationary and mobile applications. Transform the room of your choice into a conference room. The four integrated speakers ensure an optimal distribution in the room to guarantee clear voice quality for all participants. The speaker can either be connected wirelessly with a smartphone or notebook via Bluetooth or directly via a USB cable connection. The system is compatible with all conventional communication platforms (UC), the main functions can also be controlled directly on the device using the multi-function buttons. The functions include: On/off, accept call, hang up, reject, mute, fast forward, rewind, adjust volume and more. Using the TWS function, two conference speakers can optionally be combined with stereo speakers. With a battery life of up to 10 hours, you can also handle longer calls or conferences.
