EAN 4016032485759

LED Ring Light 10 Zoll, Desk

The DIGITUS Ring Light Stand is an LED light that illuminates any shadow, improves the appearance of the skin and makes the eyes shine without glare. The ring light has 10 brightness levels and 3 light modes to illuminate a face optimally when recording videos and portraits. Cameras/iPhones/Android phones are simply fastened in the ball-head mount and connected to the Windows PC or Mac via USB. Settings for brightness and color temperature are configured using the buttons of the remote control integrated in the cable.

10-inch LED Ring Light with tripod stand & smartphone mount, dimmable light in various color tones for YouTube video recordings, live stream, makeup/photography.

Safety notes

- Protect the light from impacts and falling. A sudden impact can damage the lamp and lead to electrical problems.
- Do not leave the desk lamp switched on unattended, especially for long periods of time. Always switch the lamp off when you leave the room or when you no longer need it.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
