USB Microphone, Studio, Desk

The DIGITUS USB PC Condenser Microphone is ideal for audio recording, video conferences, phone conferences, gaming or live streaming. The recording microphone is delivered with a 1.5 m long USB cable and a stand. The microphone supports directional recording with cardioid characteristics, which reduces disruptive environmental noise. Ideal for professional use in offices or private settings to communicate with family or friends on video calls, as well as for gamers and audio/video streamers.
