

DIGITUS Modular Patch Panel, shielded

DN-91411-G
EAN 4016032498360

Modular Galvanized Patch Panel, shielded, 24-port 24-port, blank, 1U, rack mount, black RAL 9005

The Digitus Galvanized Modular Patch Panel, 24-Port is a robust, 19-inch rack-mountable panel built from durable galvanized steel, offering 24 RJ45 ports for flexible network configurations. It supports various Ethernet cable categories, is compatible with multiple keystone jacks, and features clearly numbered port labels for easy management. The modular design allows seamless integration in data centers and server rooms, while the rear cable support bar and grounding point enhance stability and safety. This patch panel optimizes rack space and provides reliable, organized network connectivity in demanding environments.

The Digitus Galvanized Modular Patch Panel, 24-Port, offers flexible network configurations, durable construction with galvanized steel, and easy management with clearly numbered ports.

- Layout Keystone Entry: Straight
- General properties:
- Suitable for 483 mm (19") cabinet mounting
- Suitable for shielded Digitus® Keystone Modules and Couplers
- Technical properties:
- Grounding bar material: Galvanized steel
- Material standard: EN 10 130(1991), BS 1449, NFA 36/401, DIN 1623, UNI 5866, UNE 36-086, SIS, JIS G 3141, ASTM, SAE, NFA 36/401
- Physical properties:
- Operation temperature: -20° C to +70 °C (ISO/IEC 11801, EN 50173-1, ANSI/TIA/EIA 568 C)
- Ports: 24
- Units: 1
