

# DIGITUS Active USB 3.0 extension cable, 20 m

DA-73107  
EAN 4016032457503

### USB 3.0 Active Extension Cable length: 20m

In addition, connect more distant USB 3.0 devices using this active extension cable. Benefit from stable connections and avoid power losses even at greater distances using the integrated signal amplifier. The integrated LED function indicator signals the status of the signal amplifier. Connect your USB 3.0 devices such as printers or scanners to your PC or laptop even over greater distances. The integrated electronics ensures smooth data transfer without loss at all times. With the active USB 3.0 extension cable series, DIGITUS® offers solutions from 10 to 20 m in length. No more connection problems when using longer USB cable connections!

### You can also use remote USB devices with this active USB 3.0 extension cable with signal amplifier
