DA-10190
EAN 4016032390503

DA-10190 univerzalni punjač za laptop Super Slim, USB port(5V/2A),11xTips,15-20V

The DIGITUS Universal Notebook Power Adapter is a super slim and compact replacement for defective or lost original power adapters. It is also ideal as a secondary power adapter for the office, for travel or at home. It offers 11 charging adapters for virtually every notebook from the most popular brands such as Acer, Asus, Samsung, Sony, HP, Toshiba, Lenovo, Fujitsu, IBM, Compaq, NEC, etc. The required output voltage is automatically controlled by the selected matching charging adapter. It also has an additional USB charging port for charging mobile devices such as smartphones, tablets, cameras, etc. Notebooks, as well as the power adapter itself, are protected against short circuit, overheating, overvoltage and overcurrent.

Super slim and compact replacement for defective or lost original power adapters and also perfectly suitable as a secondary power adapter for travel, in the office or at home.

Safety notes

- Use charging adapters or power supply units in accordance with the instructions in the operating instructions to ensure optimum performance.
- Connect the charging adapter to an easily accessible socket in the voltage range between 100-240 V AC.
- Disconnect the charging adapter from the socket after use.
- Do not use the charging adapter with electronic devices that are outside the specifications of the charging adapter.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
