

DIGITUS Flexible Power Strip, 4-way with 2 USB Ports & Switch

DA-70620

EAN 4016032463917

Flexible power strip, 3680 W 250VAC 50 Hz 4x safety outlet, 16 A, 2x USB A connection, 2.4 A

With the flexible power strip from DIGITUS®, you can orient the individual sockets according to your needs, adjusting them to your environment and various plug types. Each device has plugs or power adapters of varying sizes, which can often cause space problems with typical power strips. The elements in this flexible power strip can be adjusted up to 180°, giving your protruding power adapters or bulky right-angle plugs the space they need. The power strip can also be positioned around the corners or edges of a workspace, adjusting optimally to your environment. Two USB ports are integrated to charge smartphones or tablets with USB A plugs. The On/off switch can also be used as a foot switch, for instance when installed under a desk. The power strip can be arranged in all conceivable shapes to offer you maximal flexibility.

Flexible sockets to use plugs and bulky power adapters in various orientations

- Input voltage: 230 VAC, 16 A, 50 Hz

- Power output: 3,680 W, 16 A
- USB output: 5V, 2.4 A (total)
- Number of moving components: 6
- Integrated shutters in the socket for increased protection against accidental contact
- Protection against accidental contact: Plastic covers close the contacts of the socket
- On/off switch, illuminated function display
- Dimensions: (L x W x H) 35.7 x 6 x H 4 cm (modules in a row)
- Dimensions of individual module: (L x W x H) 6 x 6 x H 4 cm (without hinge)
- Mains cable with safety plug, angled 90°: 1.6 m
- Weight: 660 g
- Color: White / Black

Attributes

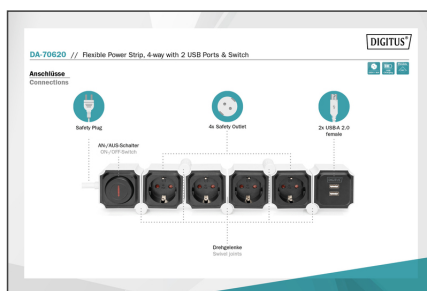

- Style: Outlet strip

Package contents

- Flexible Power Strip, 4-way with 2 USB Ports, 6 units
