

# DIGITUS 8K HDMI Switch, 2x1

DS-45341  
EAN 4016032483663

### 8K HDMI Switch, 2x1 black

Convenient switching between two HDMI signal sources by pressing a button or automatic detection - without the trouble of replugging cables. Supports resolutions of up to 8K/60Hz. Power supply is provided via the enclosed Micro-USB cable.

**Convenient switching between two 8K HDMI signal sources by pressing a button or automatic detection - without the trouble of replugging cables.**

- 2x HDMI input
- 1x HDMI output
- 1x Changeover switch
- 1x Micro-USB input
- 2x Status LED
- Supports resolutions up to 8K/60Hz
- HDMI 2.1
- Switching of signal source via changeover switch

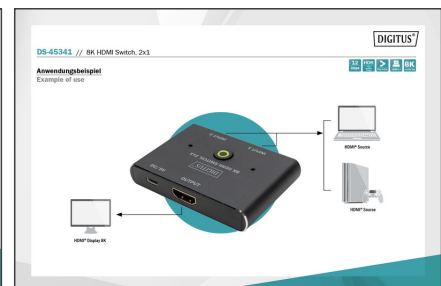

- Automatic detection: If two sources are connected, the switch detects which is switched on and changes to this input
- Plug & Play
- Data rate: up to 48 Gbps
- Supports HDR (High Dynamic Range)
- Power supply via Micro-USB cable
- Supports HDMI 2.1, 2.0 and 1.4 signal speeds
- Housing: Aluminum
- Dimensions: L 7 x W 5.7 x H 1.3 cm
- Weight: 50 g
- Color: Black

### Package contents

- 1x 8K HDMI Switch, 2x1
- 1x Micro USB cable, 100 cm
- 1x QIG

**Safety notes**

- If the device is powered by a plug-in power supply, ensure that the power adapter is connected correctly and meets the specified requirements (e.g. voltage and current).
- Only use certified CAT5e or CAT6 cables to ensure stable signal transmission.
- For particularly long cable runs or in environments prone to interference, it is recommended to use shielded network cables.
- Make sure that all connections are tight and secure to avoid loose contacts that could affect the signal quality. Make sure that the HDMI and Ethernet connections are connected correctly.
- Make sure that the CAT cable is not laid near high-voltage power lines or other strong sources of electromagnetic interference to avoid signal interference.
- Only operate the device within the specified temperature range.
- Do not use the device outdoors or in damp or wet environments
- Check all connections and cables regularly for wear or damage. Cables and connections can wear out, especially with frequent use or long installations, which can lead to poor signal quality or system failure.

**EU responsible person**

EU based economic operator ensuring the product complies with the required regulations.
