

DIGITUS SOHO PRO wall-mounted enclosure - 483 mm (19") - 540x400 mm (WxD)

DN-49204
EAN 4016032493730

19" 9U wall mounting cabinet, SOHO PRO 460 x 540 x 400 mm, grey

Whether in the home, office or for sub-distribution boards with limited space: With the compact 483 mm (19") solutions from the SOHO PRO series, you can install your network wherever you want. Available in four height units (4U, 7U, 9U, 12U), the wall-mounted enclosures are equipped with a full glass door and a cable entry in the top and bottom. A pair of galvanized 483 mm (19") profile rails labelled with legible height units are installed inside. These can be adjusted in depth. Each cabinet is a robust steel construction made of up to 1.5 mm thick sheet steel. The coloring takes the form of electrostatic powder coating in the standard colors grey (RAL 7035) and black (RAL 9005). The door hinges can be changed. The network enclosures are supplied unassembled in an optimized flat pack. Assembly takes place in just a few steps and is child's play thanks to the enclosed step-by-step instructions.

The DIGITUS® wall-mounted enclosure SOHO PRO series is characterized by efficient delivery in an optimized flat pack and particularly user-friendly installation.

Wall Mounting Cabinet SOHO PRO
483mm (19") - 540x400mm (WD)

DIGITUS

- Slide the top panel into the body, cabinet out of the box.
- Open the top side panels of the body.
- Slide the bottom panel into the body in the direction of the arrows. As soon as the cabinet is seated, insert the screws of the bottom panel into the top panel of the body.
- Fix the bottom panel to the body by the screws. Check the screws placed horizontally to be mounted to all cabinet sides described above. Then, fix the screws to the body. The screws should be mounted in the middle of the panel. Plastic door stopper four needs to be mounted to the top side of the cabinet door.
- Use the body filter and bottom panel to fit at the backdoor. Insert the top hinge on top of the glass door into the hinge hole of the top panel.
