

DIGITUS USB-A 3.2 Gen 1 to HDMI Graphic Adapter

DA-70841
EAN 4016032390718

USB 3.0 to HDMI Adapter, 1080p Input USB, Output HDMI

The USB-A 3.2 Gen 1 to HDMI adapter offers Full HD resolution up to 1080p and supports dual display for extending or mirroring the screen. Thanks to USB plug-and-play, installation is easy and monitors can be added or removed without rebooting the system. Up to two graphics adapters can be used simultaneously and the adapter enables automatic resume from sleep or standby mode. The integrated driver ensures quick and easy installation, ideal for efficient working and flexible setups.

Expand your workplace; connect an additional monitor, TV or projector via the USB interface.

Safety notes

- Overloading can lead to overheating and damage to the appliance or the connected peripherals.
- If necessary, use an external power supply to ensure stable performance.
- If devices such as external hard disks or printers that require a high power consumption are connected, the device should be used with an external power supply. Otherwise, the device could be overloaded or functional problems could occur.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
