

# DIGITUS Modular console with 17" TFT (43.2cm) & touchpad

DS-72210  
EAN 4016032447597

**modularized 43,2cm (17") TFT console without keyboard and KVM module, RAL 9005 black**

Due to its modular design, the DIGITUS® 17" TFT console offers a multitude of individual configuration possibilities, so that it can be adjusted to the area in which the console is being used. As a result, the console is economical and can be upgraded and/or converted at any time with further modules. Due to the flexible configuration, a high level of future security of the console is thus guaranteed. The modular console consists of a 17" monitor and the touchpad. A keyboard, KVM module and the appropriate set of cables are required to operate the console. The accessories are offered in the most diverse versions.

**Highest degree of flexibility during the administration of the server farm**
