Single Monitor Pole Mount 15-32", 8 kg (max.), black

The universal monitor pole mount from DIGITUS® can hold a monitor from 15" to 32". The quick release function also makes it easier for you to install the monitor. The VESA bracket is simply inserted into the corresponding mount and fastened with a screw. Without a great deal of effort, you can arrange the monitor according to your needs and pivot, incline or rotate the monitor, for instance for monitors in portrait mode. Do a good deed for yourself and your health by adjusting your monitor optimally for your body and your sitting position. The monitor cables can be stored in an orderly fashion using the cable routing included in delivery.
